

NAGA RATNA SATYASRI CHIKKARAJU

Computer Science Undergraduate | Full-Stack & AI-Integrated Web Development

+91-7670872006 | satyachikkaraju2016@gmail.com | [GitHub](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Computer Science undergraduate (CGPA 9.02/10) with hands-on experience building full-stack, AI-integrated web applications across two internships. Delivered production-style features including real-time notification systems, JWT authentication, and Gemini AI-powered recommendation engines using Next.js, MongoDB, and Node.js. Competitive programmer with 800+ problems solved across ~95 contests on LeetCode, CodeChef, and HackerRank. Seeking to apply strong problem-solving skills and modern web development expertise in a software engineering role.

TECHNICAL SKILLS

- **Languages:** C, C++, Java, Python, SQL, JavaScript
- **Web & Backend:** HTML5, CSS3, Node.js, React.js, Express.js, RESTful APIs
- **Database & Auth:** MongoDB, JDBC, JWT Authentication, Socket.io
- **AI & Tools:** Gemini AI, Git/GitHub, Excel, Power BI

PROFESSIONAL EXPERIENCE

Software Development Intern — Technical Hub Pvt. Ltd.

| May – June 2026

- Engineered an AI-powered campus management platform (Campus Permissions and Announcements Hub) using Next.js and MongoDB, automating permission approvals and announcement workflows for the college community.
- Integrated Google Gemini AI to drive intelligent recommendations, automated permission-letter generation, and priority-based announcement delivery.
- Built a real-time notification system with Socket.io, delivering instant updates across permission approvals and announcements.
- Implemented JWT-based authentication and authorization, securing user sessions and role-based access across the platform.

Software Development Intern — CodeAlpha

| June 2026

- Built and deployed a full-stack e-commerce web application (HTML, CSS, JavaScript, Express.js) featuring user authentication, product catalog, shopping cart, and order processing with integrated database storage for products, users, and orders.
- Developed a full-stack social media platform supporting user profiles, posts, comments, and a like/follow system, backed by persistent data storage for users and social interactions.
- Independently shipped two full-stack applications within a single internship cycle, each with complete authentication and database integration.

KEY PROJECTS

Campus Permissions and Announcements Hub

| Next.js, MongoDB, Gemini AI, Socket.io, JWT

| [GitHub](#)

- Designed and built a centralized AI-powered college management platform to streamline permission approvals and announcement management.
- Integrated Gemini AI for announcement prioritization, personalized recommendations, automated permission-letter generation, and dashboard insights.
- Delivered real-time notifications via Socket.io and secured the platform end-to-end with JWT-based authentication.

Real-Time Chat Application

| Node.js, Express.js, MongoDB, Socket.io

| [GitHub](#)

- Built a real-time messaging application supporting multiple concurrent chat threads with instant message delivery.
- Designed a RESTful backend to manage user authentication, message storage, and chat session handling.
- Implemented event-driven, dynamic client-side rendering with Socket.io for seamless real-time UI updates.

- Student Result Management System | Java Swing, JDBC | [GitHub](#)
- Developed a desktop application to manage student records and academic results with full CRUD functionality for students and marks.
 - Integrated JDBC for real-time database updates and retrieval, ensuring accurate and consistent record-keeping.

ACHIEVEMENTS & CODING PROFILES

- Solved 800+ problems across multiple competitive programming platforms, participating in ~95 contests.
- Achieved a peak LeetCode contest rating of 1493 and a peak CodeChef rating of 1433 (2★).
- HackerRank: 4★ in Problem Solving and C, 3★ in Python and Java, 2★ in SQL.
- Selected participant, Adobe India Hackathon (Adobe) and Tata Imagination Challenge Quiz (Tata Group).
- Coding Profiles: [CodeChef](#) | [LeetCode](#) | [HackerRank](#)

CERTIFICATES

- Anthropic:** Introduction to Agent Skills, Building with the Claude API, Introduction to Model Context Protocol, Claude Code in Action
- Microsoft:** Excel 2019 Associate, Power Platform Fundamentals
- HackerRank:** SQL, Problem Solving, Python, Java
- Red Hat:** System Administration, OpenShift
- Infosys Springboard:** JavaScript, CSS, DBMS, Python
- Coursera:** HTML, CSS, JavaScript, AI, ASE, Python, OS, Prompt Engineering

EDUCATION

Bachelor of Technology, Computer Science and Engineering	CGPA: 9.02/10	2024 – 2028
Aditya University, Surampalem		
Intermediate	96.7%	2022 – 2024
Pragati Junior College, Kakinada		
Class X	97.5%	2021 – 2022
Ushodaya Merit School, Indrapalem
